

REAL FOOD, REALLY FRESH

Our ingredients are sourced from the same meat & produce vendors used by your favorite restaurants, here in Vermont. Our recipes are developed with assistance of veterinarians and are prepared using real professional culinary practices. Our food is prepared fresh and delivered/shipped immediately after being packaged. We LOVE our pets and are passionate about feeding them the very best. We're excited to be sharing our food with you & your pets. We know they will not only love it, but thrive from it.

OUR COMPANY

Both Julia & Paul VanDerWielen have received their Le Grand Diplôme de Cuisine from Le Cordon Bleu and are Professional Chefs here in Vermont. After one of their Beagles developed some food allergies, they decided to develop their own high protein, nutrient dense & easy to digest dog food recipes. Word got out, and now there's Vermont Pet Food!
